

Prove All Things...

This document is proof of what is right, and what is wrong... I can prove that we are animals with instincts that are unalterable... Primates, Apes if you will... I can prove that nothing is "off limits," as long as you're on the "way that no fowl knoweth..." What I mean is this: If you're on the path to lose your life for Jesus' sake and the gospels that you can do whatever you want... I can prove that there is no "free-choice"... No "free will..." That's right, this is a force! God created each of us to become exactly what we are, FATE! I can prove that destiny is real! I can prove that the King James Version is the only bible that leads to Christ... This is precisely why it's hard to understand... I can prove why people die... I know, right? I can prove that there is no good people... I can prove that you can fuck anybody you want, as long as their dick will fit... I can prove that God is using

programs and cryptography to conceal
the truth about wisdom and under-
standing... I can prove that every song
that has been written is about the
same person, and the same thing...
Even rap music! I can prove that
we are supposed to do dope, party
and have anal sex! I can prove
that everyone is bi-sexual, and that
fear stands in the way... I can prove
that godly behavior is nothing but
a plot to appear "holy"... I can
prove that God uses numerology to
put things in certain categories,
utilizing the phrase "the numbers don't
lie..." I can prove that there is only
one author, Each book, letter, script,
and bible are preordained... That's
right, God wrote "your book," before
you were even born! I can prove
that the police, sheriff, judges,
and the government are all wrong!
I can prove that they prey on
people while telling them what is
appropriate or not. I can prove that
each word written or sung fits into
a complex matrix of word locations
that can be seen in every form

of writing... That's right, each word
is in the same location in the bible,
a novel, newspaper, billboard, commercial,
closed captions, etc... I can prove that
people are not supposed to divide up
into groups (denominations, races, ages)...
I can prove that fornication is not
what you think... Adultery too, I
can prove that you have no idea what
either one of these words mean... I
can prove that you are to "swear
by the LORD..." I can prove that
taking the LORDS name in vain is
a property issue, and not saying
"God damn it..." I can prove that
rearranging the letters in your name
spells your "FATE..." I can prove
that you're supposed to hate your
life, not "love it..." I can prove that
"13" is really "unlucky" or cursed...
I can prove that your tongue
is for "licking" inside the anus...
I can prove that rape is the
"norm" for "human beings" and that
is why females and males have
"rough sex..." I can prove that
every T.V. show is prophecy, and
that all the shows and movies you

Watch are Gods way of saying
"Watch out," cause all this stuff
is getting ready to happen to us...
I can prove that commercials
have "hidden messages" embedded
in every one... I can prove that
females are not supposed to have
control over males... And that
they're not supposed to be "all dressed
up..." I can tell you why as a
child you "bounced" up & down on your
daddy's knee... I can tell you why
the first thing that happens to you
as a baby is you get your "ass
slapped" and something shoved into your
mouth... I can answer every
question that you've ever had...
So here's how this works... Even
if you don't read this, someone
you know will. Then they will tell
you that I was right, about
every single thing. So erase
it (send it to the recycle bin,
format your hard drive, whatever...)

*11 Corinthians 13:8 For we can do nothing
against the truth, but for the truth.
So Fuck You!
