

Are we Predators?

Are we hunters?

Are we supposed to be huntin' something? I don't mean with a gun, like a deer... I mean like a deer in RVT! Do we have needs? Drives? Instincts? Are we missing something? Lets look at some of the words associated with a mans instincts..

- necessary - predetermined; inescapable; compulsory; inevitable; mandatory
- NO ESCAPE**

I'm going to break down a word used to describe things that we can not live without... necessary means inevitable, and that means: incapable of being avoided or evaded: **BOUND TO HAPPEN**
